

March 2, 2024, in West Palm Beach, Florida at the Palm Beach County Convention Center and the Hilton West Palm Beach.

The ACTRIMS Forum 2024 will provide an excellent opportunity to interact with scientists and clinicians at the cutting edge of MS research. This year's theme is "Breaking Barriers in MS." The scientific program will include discussion of barriers such as healthcare disparities and access to care, CNS borders and associated cells, impediments to neural repair, rehabilitation roadblocks, and clinical design considerations.
